Instructor and Course Policies

Make-Up Work / Late Work Policy:

- With the exception of significant extenuating circumstances, no late work will be accepted. If you have a problem that prevents you from turning in an assignment on time, please email me at Jennifer.Knox@lonestar.edu.

Attendance Policy and Drop Policy:

- Best success depends on your attendance at every class meeting.
- Manage your time wisely and plan ahead so that you can attend class and complete the course outcomes.
- The participation grade is worth 10% of your total semester grade. If you have more than two absences for the semester, your participation grade may suffer.

- If there are extenuating circumstances preventing you from attending class, please email me at Jennifer.Knox@lonestar.edu.
- **If a student never attended class, stops attending and participating, or has excessive absences, the student may be dropped from the course by the instructor (per LSC guidelines).**

Consequences for Academic Dishonesty in this Course:

The Lone Star College System upholds the core values of learning: honesty, respect, fairness, and accountability. The system promotes the importance of personal and academic honesty. The system embraces the belief that all learners—students, faculty, staff, and administrators—will act with integrity and honesty and must produce their own work and give appropriate credit to the work of others. Fabrication of sources, cheating, or unauthorized collaboration is not permitted on any work submitted within the system. It is also considered plagiarism to use all or part of any work you have done in the past without explicit permission from the instructor. It is your responsibility to understand the definition of plagiarism and the correct application for all your assignments. If you are unsure, you should always ask questions.

The consequences for academic dishonesty are determined by the professor, or the professor and academic dean, the professor and chief student services officer and can include but are not limited to:

1. Having additional class requirements imposed,
2. Receiving a grade of zero or "F" for an exam or assignment,
3. Receiving a grade of "F" for the course,
4. Being withdrawn from the course or program,
5. Being expelled from the college system.

Lone Star College System Academic Integrity Policy: <http://www.lonestar.edu/instructional-resources.htm>

Essay Grading Criteria:

Each essay will be evaluated in regard to the strength of the thesis, the organization of the essay, the development and support of the argument, and grammar/writing style. Additional details will be provided during class.

Changes to Assignment Schedule and Course Policies:

The instructor reserves the right to update the course policies, assignments, and schedule at any time. Changes may be made throughout the semester. It is the student's responsibility to keep up with changes as they are announced.

Course Concerns:

Discuss any course questions or concerns you have with your instructor as they arise. The instructor's contact information is listed on the first page of the syllabus.

Lone Star College Policies

Attendance

Federal Legislation requires Lone Star College to verify attendance for students who receive financial aid each semester. If you are receiving financial aid, you must participate in an academically related activity in each course by Official Day of Record (ODR) of the enrolled semester.

Attendance Drop (NA)

If you do not attend class or participate in an academically related activity by the Official Day of Record (ODR), you will be dropped from your course and may lose financial eligibility for the semester. Any financial aid funds disbursed to you or your account must be returned to the U.S. Department of Education.

Academically Related Activities (FSA HB Sept.2019)

Academically related activities include, but are not limited to, physically attending a class where there is an opportunity for direct interaction between the instructor and students; initiating contact with a faculty member to ask a question about the academic subject studied in the course; participating in an online discussion about academic matters; submitting an academic assignment; taking an exam, an interactive tutorial or computer-assisted instruction; or attending a study group that is assigned by the school. Academically related activities do NOT include activities where a student may be present, but not academically engaged, such as logging into an online class without active participation, participating in academic counseling or advisement, living in institutional housing, or participating in the school's meal plan. In a distance education context, logging into an online class is not sufficient by itself to demonstrate academic attendance by the

student. A student must participate in class or otherwise be engaged in an academically related activity, such as but not limited to, contributing to an online discussion or contacting a faculty member to ask a course-related question via approved communication channels. Completion of an online orientation or syllabus quiz constitutes attendance.
